Keynote Speaker - Wes Davis

Our conference speaker grew up in a small country Friends church in rural southcentral Kansas. After graduating from high school he attended Friends Bible College (Barclay College) in Haviland, Kansas and served as an intern under Rev. Gary Wright at Haviland Friends Church. Wes graduated and then moved to Richland, Iowa and was the Pastor and Youth Pastor at Woolson Friends Church for two years.

Wes then attended Asbury Seminary in Wilmore, KY for one year before moving to Southern California to help with church planting in SouthWest Yearly Meeting Friends Churches. He helped plant Beachview Friends Church in Huntington Beach, CA and attended Azusa Pacific University and earned a Master degree in Pastoral Care & Counseling and a Master of Ministry in Religion.

Wes, his wife Michele and their children Josh (16), Mackenzie (12) now reside in Riverton, Kansas where he has been the Sr. Pastor of Riverton Friends Church for the past eleven years. This past year Wes has also started a new ministry geared toward the development of leaders and pastors especially to third world countries called STOA Ministries International.

Young Friend's Yearly Meeting

Young Friends Yearly Meeting will be Working Together across Oskaloosa with various service projects. Our Young Friends will also attend an Iowa Cubs game and have other fun activities. Students 7th grade through Seniors will be camping at the Vennard College dorms so they will need to pack a sleeping bag & towels along with their gear for the Yearly Meeting.

Jessica Owens - Director

Children's Yearly Meeting

Working Together in God's Wild Kingdom is the theme for this year's Children's Yearly Meeting. Children entering Kindergarten through 6th grade will be exploring God's Wild Kingdom with field trips, games, music and fun!

Nina Lorimor-Easley - Director

Missions Banquet

We are honored to announce that Sylvia Graves, Interim General Secretary of FUM, will be our Banquet Speaker at the Saturday lunch Banquet for USFW and Quaker Men. Her vision during her tenure would be "to join hands across theological and journey differences to do the work of the church rather than doing the work for the organization. The organization needs to support the ministries of our believers."
